

## Moth regatta Lauwersmeer

2-3 juni 2012

Location: Catclub Omaha, Oostmahorn,  
Netherlands ([www.omaho.nl](http://www.omaho.nl))

Organised in cooperation with WSV Lauwerszee  
([www.lauwerszee.nl](http://www.lauwerszee.nl))

Lauwersmeer is located on the Dutch North sea coast (separated from the sea by a dyke) has deep water (no weed), and is very wind-secure. It is a wide stretch of water that was home to the 1989 Moth europeans! Launching is from grass, with deep water just after the ramp.

Houses can be rented very close to the cat-club (some are a few hundred meters from the club: <http://www.lauwersmeerbungalows.nl>)

Camping can be done too

(<http://www.jachthavenlauwersmeer.nl/camping/>) Make it a holiday!

The regatta is over the weekend, but I'll be happy to host people for the friday and/or monday as well.

For the family, a visit to the island of Schiermonnikoog is easy. The area around Lauwersmeer is a preservation area, with birdwatching, and good cycling and walking opportunities. Take a trip to the island of Schiermonnikoog, visit the seal rehab centre: <http://www.zeehondencreche.nl/> or go mudwalking ([http://www.wadlopen-moddergat.nl/Deutsch/Wadlaufen\\_deutsch\\_index.html](http://www.wadlopen-moddergat.nl/Deutsch/Wadlaufen_deutsch_index.html))
